- morning snack (something that is easy to eat outside and does not need any warming up, (named)

Choose clothing for your kindergartener that is “easy on, easy off”. Choose pants with elastic waistbands, not zippers and snaps, or overalls, for example, and no belts. Boots must be large enough so the child can put them on independently.

If your child needs it then also:

- nappies
- wet wipes
- plastic bed sheet (if your child has just stopped using the nappies)
- a small toy your child can bring to bed (in case they need it)
- pacifier during nap time

Please label or mark your child's items (especially clothing and shoes), so they will find their right place when they wander off!
